Requesting that a Government Order may be issued directing Heads of Departments in Bangalore and elsewhere to co-operate with the Census Department by sparing the services of their officials for Census work.

SIR,

In forwarding herewith copies of (1) a letter received from the President, Municipal Council, Bangalore, intimating that certain Heads of Departments have declined to spare their officials for Census work and (2) of my reply thereto, I have the honour to request that as on the last occasion, a proceedings of Government may be issued enjoining co-operation on the part of Heads of Departments in Bangalore, Mysore and elsewhere with the Census Department by making available the services of their employees throughout the State for Census work as far as possible. (Vide para 3 of Government Proceedings dated 26th September 1910 No.Fl.1668-705/Census 12-10)

2. As on the last occasion, the officials of the Medical, Plague, Press and Palace Departments may be exempted from liability to serve

Letter from the President, Municipal Council, Bangalore City, addressed to the Census Superintendent in Mysore.

With a view to compile the Charge List and fill up the columns of Enumerators and Supervisors contained therein, the several Heads of Departments were requested to spare as many officials as possible to do the Census work. Out of 55 officers addressed only a few officers have sent lists of officials whom they could spare for Census work and these lists do not show more than 180 hands. The officers noted in the margin have replied that they cannot spare any hands from their offices. As calculated at present there will be nearly 400 blocks, and 400 Enumerators and 40 Supervisors will be required. Taking into account the reserve hands, we should have 800 Enumerators and 80 Supervisors. Such a large number can only be made up by the hearty co-operation of all the Heads of Departments by their sparing at least 60% of their staff. I therefore request that you will be good enough to address the Government on the subject and obtain their orders for the co-operation of all Heads of Departments. The submission of Charge List is delayed on account of this fact. The Census work for the Enumerators and Supervisors may not occupy more than a week, the officials working for three hours a day in the forenoon. As such there should be no objection to spare the services of officials for this work.

Points out how Charge Lists should have been prepared and states that Government will be addressed in the matter.

SIR,

With reference to your letter with neither date nor number, intimating that the completion of the Charge List is delayed as certain - Heads of Departments have not spared a sufficient number of officials to serve as enumerators and supervisors and requesting that Government may be addressed in the matter I have the honour to point out that the Charge List should compiled on the available existing data regarding persons qualified for being appointed as enumerators and supervisors under the rules. For this purpose the Municipal executive staff -- should make the necessary enquiries in the several divisions (from - house to house if necessary) and the preparation of the Charge List should not have been delayed on this account.

2. As on the last occasion (i.e., during the Census of 1910-11) officials of the Medical, Plague and Press Departments as also those working in the Palace at Bangalore should not be called on to serve as enumerators and supervisors in the City.

3. With these exceptions a reference will be made to Government requesting the issue of an order enjoining co-operation on the part of all the Heads of Departments and offices with the Census work.

I have the honour to be,

Sir,

Your most obedient servant,

NOTIFICATION. 9.7.20

It is hereby notified for general information that, in pursuance of the provisions contained in the Mysore Census Regulation, 1920, a general census of the population of the Mysore State will be taken on the night of the 18th March 1921.

2. The census should be regarded as of paramount importance while it lasts. It will be the duty of all Government officers and non-officials, who have been and who may hereafter be entrusted with the census, to see that the rules and instructions issued by the Census Superintendent for the conduct and guidance of census officers in taking the census are carried out with efficiency and accuracy as required by the said Regulation.

Signed by Mr D.C. Subbaraya Appa.
Date 9th July 20

3. In view to secure the utmost efficiency and economy in census work, Government direct that the services of officials of all departments connected with the administration other than Palace, Medical, Plague and Press be made available for the purpose of the ensuing census, without prejudice to their duties, on the requisition of Deputy Commissioners of Districts and the Honorary Presidents of the Bangalore and Mysore City Municipalities. In carrying out this important measure, Government also rely upon the willing co-operation of all classes of ~~the people alike of the educated classes~~, in rendering service in ~~the~~ enumeration work wherever their help may be required to supplement the official establishments, and of all persons

in

in furnishing correct information to be entered in the Schedules. It is particularly to be emphasised that there is nothing derogatory in being an Enumerator, especially in towns and cities, - where it is hoped that educated gentlemen of good position will come forward. It is understood that one of the Provincial Superintendents of Census in British India is offering his services as Enumerator for one of the subarban -- blocks in his town. This ought to serve as an incentive to every one in this - State to come forward for census work.

4. Under clause (3), Section 2 of the said Regulation, the Government of His Highness the Maharaja are pleased to delegate to Deputy Commissioners of Districts and Presidents of the Bangalore & Mysore City Municipalities the power of appointing supervisors and enumerators - for census work, and to authorise the Sub Division officers, the Chief Officers of Municipalities of Bangalore and Mysore & the Vice President, Kolar Gold Fields - Sanitary Board to sign the declarations in writing of the appointment of these census officers for the local areas under their respective charge under the general or special directions of the Deputy Commissioner of the District and the President of the City Municipality and the K.G.F. Sanitary Board in this behalf respectively.

5. Rules under Section 6 of the said Regulation, relating to enumeration including the standard questions which may be put by enumera-

enumerators to the people to be enumerated will be published as a supplement to the Mysore Gazette for general information.

6. Under Section 11 of the said Regulation, Government are pleased to authorise the Deputy Commissioners of Districts, the Presidents of Bangalore and Mysore City Municipalities and the President of the K.G.F. Sanitary Board to sanction prosecutions under the said Regulation and are further pleased to declare that such prosecutions shall be instituted before Magistrates of the 1st or 2nd class.
